

OBSTETRICS & MATERNITY

Free elearning courses for healthcare professionals who care for pregnant women.

Aims

These courses will help you understand and apply blood management strategies in the care of pregnant women during the antepartum, intrapartum and postpartum periods.

Assessment & CPD

Includes online assessment, and a certificate for continuing professional development (CPD) points.

Content

Course content is based on the national *Patient Blood Management Guidelines: Module 5 Obstetrics and Maternity*. All courses have been developed by a multi-disciplinary group of expert clinicians, and include case studies and interactive tools.

There are three courses in this suite:

- Obstetric Haematology
- Obstetric Blood Management
- Postpartum Haemorrhage
