

# Continuing Professional Development (CPD) points for BloodSafe eLearning Australia courses

## Endorsement

The BloodSafe eLearning Australia program and elearning courses are endorsed by the following organisations

- Australian and New Zealand Society of Blood Transfusion (ANZSBT)
- International Society of Blood Transfusion
- Australian Red Cross Blood Service
- Blood Matters, Victoria
- BloodSafe, SA
- Blood Watch, Clinical Excellence Commission, NSW
- Queensland Health

Course	CPD points
Clinical Transfusion Practice	<a href="#">Australian and New Zealand College of Anaesthetists (ANZCA)</a> Approved for 1 credit per hour under Category 2/Level 1. Approval Number 176.
	<a href="#">Australian Institute of Medical Scientists</a> This activity has been approved by the Australian Institute of Medical Scientists for 10 continuing education units under the APACE continuing education scheme.
	<a href="#">Nursing and Midwifery Board of Australia</a> Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Clinical Transfusion Practice course, demonstrates that on average it takes approximately two hours to complete all five modules in this package. Therefore it is recommended that two hours be recorded for the purpose of self-directed CPD.
	<b>Other Professions and Medical Specialties</b> User evaluation of the Clinical Transfusion Practice course, demonstrates that on average it takes approximately two hours to complete all five modules in this package. Therefore it is recommended that two hours be recorded for the purpose of self-directed CPD.
Clinical Transfusion Practice - Refresher	<a href="#">Nursing and Midwifery Board of Australia</a> Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Clinical Transfusion Practice Refresher course, demonstrates that on average it takes approximately one hour to complete. Therefore it is recommended that one hour be recorded for the purpose of self-directed CPD.
	<b>Other Professions and Medical Specialties</b> User evaluation of the Clinical Transfusion Practice Refresher course, demonstrates that on average it takes approximately one hour to complete. Therefore it is recommended that one hour be recorded for the purpose of self-directed CPD.

Collecting Blood Specimens	<p><a href="#">Nursing and Midwifery Board of Australia</a> Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Collecting Blood Specimens course demonstrates that on average it takes approximately 30 minutes to complete. Therefore it is recommended that 30 minutes be recorded for the purpose of self-directed CPD.</p>
	<p><b>Other Professions and Medical Specialties</b> User evaluation of the Collecting Blood Specimens course demonstrates that on average it takes approximately 30 minutes to complete. Therefore it is recommended that 30 minutes be recorded for the purpose of self-directed CPD.</p>
Transporting Blood	<p><a href="#">Nursing and Midwifery Board of Australia</a> Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Transporting Blood course demonstrates that on average it takes approximately 30 minutes to complete. Therefore it is recommended that 30 minutes be recorded for the purpose of self-directed CPD.</p>
	<p><b>Other Professions and Medical Specialties</b> User evaluation of the Transporting Blood course demonstrates that on average it takes approximately 30 minutes to complete. Therefore it is recommended that 30 minutes be recorded for the purpose of self-directed CPD.</p>
Patient Blood Management	<p><a href="#">Nursing and Midwifery Board of Australia</a> Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Patient Blood Management course, demonstrates that on average it takes approximately one hour to complete all three modules in this package. Therefore it is recommended that one hour be recorded for the purpose of self-directed CPD.</p>
	<p><a href="#">Royal Australian College of Surgeons (RACS)</a> Course accredited by the Royal Australasian College of Surgeons.</p>
	<p><b>Other Professions and Medical Specialties</b> User evaluation of the Patient Blood Management course, demonstrates that on average it takes approximately one hour to complete. Therefore it is recommended that one hour be recorded for the purpose of self-directed CPD.</p>
Critical Bleeding	<p><a href="#">Nursing and Midwifery Board of Australia</a> Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Critical Bleeding course, demonstrates that on average it takes approximately three hours to complete all four modules in this package. Therefore it is recommended that three hours be recorded for the purpose of self-directed CPD.</p>
	<p><a href="#">Australian and New Zealand College of Anaesthetists (ANZCA)</a> Participants in the ANZCA and FPM CPD program may claim this course as a major haemorrhage emergency response activity in their CPD portfolio. Recognition code: ER-19-MH-016 Expiry 30 June 2022</p>
	<p><b>Other Professions and Medical Specialties</b> User evaluation of the Critical Bleeding course, demonstrates that on average it takes approximately three hours to complete all four modules in this package. Therefore it is recommended that three hours be recorded for the purpose of self-directed CPD.</p>

<p><b>Perioperative</b></p>	<p><a href="#"><u>Nursing and Midwifery Board of Australia</u></a>  Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Perioperative course, demonstrates that on average it takes approximately two hours to complete all four modules in this package. Therefore it is recommended that two hours be recorded for the purpose of self-directed CPD.</p> <hr/> <p><a href="#"><u>Royal Australian College of Surgeons (RACS)</u></a>  Course accredited by the Royal Australasian College of Surgeons.</p> <hr/> <p><b>Other Professions and Medical Specialties</b>  User evaluation of the Perioperative course, demonstrates that on average it takes approximately two hours to complete. Therefore it is recommended that two hours be recorded for the purpose of self-directed CPD.</p>
<p><b>Medical and Specialties</b></p>	<p><a href="#"><u>Nursing and Midwifery Board of Australia</u></a>  Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of each of the Medical and Specialty courses, demonstrates that on average it takes the following timeframes to complete:</p> <ul style="list-style-type: none"> <li>- Medical – one hour</li> <li>- Cancer – 45 minutes</li> <li>- Cardiac – 30 minutes</li> <li>- Chronic Kidney Disease – 45 minutes</li> <li>- Chronic Transfusion – 45 minutes</li> <li>- Gastrointestinal – 45 minutes</li> </ul> <p>Therefore it is recommended to record the times allocated to each individual course for the purpose of self-directed CPD.</p> <hr/> <p><b>Other Professions and Medical Specialties</b>  User evaluation of the Medical and Specialty courses, demonstrates that on average it takes the following timeframes to complete:</p> <ul style="list-style-type: none"> <li>- Medical – one hour</li> <li>- Cancer – 45 minutes</li> <li>- Cardiac – 30 minutes</li> <li>- Chronic Kidney Disease – 45 minutes</li> <li>- Chronic Transfusion – 45 minutes</li> <li>- Gastrointestinal – 45 minutes</li> </ul> <p>Therefore it is recommended to record the times allocated to each individual course for the purpose of self-directed CPD.</p>
<p><b>Critical Care</b></p>	<p><a href="#"><u>Nursing and Midwifery Board of Australia</u></a>  Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Critical Care course, demonstrates that on average it takes approximately one hour to complete. Therefore it is recommended that one hour be recorded for the purpose of self-directed CPD.</p> <hr/> <p><b>Other Professions and Medical Specialties</b>  User evaluation of the Critical Care course, demonstrates that on average it takes approximately one hour to complete. Therefore it is recommended that one hour be recorded for the purpose of self-directed CPD.</p>

<b>Obstetrics and Maternity</b>	<p><b>Postpartum Haemorrhage course</b>  <a href="#">Australian and New Zealand College of Anaesthetists (ANZCA)</a>  Participants in the ANZCA and FPM CPD program may claim this course as a major haemorrhage emergency response activity in their CPD portfolio.  Recognition code: ER-19-MH-015 Expiry 30 June 2022  <a href="#">Royal Australian College of Surgeons (RACS)</a>  Course accredited by the Royal Australasian College of Surgeons.</p>
	<p><a href="#">Australian College of Midwives</a>  The Australian College of Midwives has awarded CPD recognition for these courses as follows:</p> <ul style="list-style-type: none"> <li>- Obstetric Haematology – one hour</li> <li>- Obstetric Blood Management – one hour</li> <li>- Postpartum Haemorrhage – two hours</li> </ul> <p>Recognition expiry 1 September 2019</p>
	<p><a href="#">Nursing and Midwifery Board of Australia</a>  Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of each of the Obstetrics and Maternity courses, demonstrates that on average it takes:</p> <ul style="list-style-type: none"> <li>- Obstetric Haematology – one hour</li> <li>- Obstetric Blood Management – one hour</li> <li>- Postpartum Haemorrhage – two hours</li> </ul>
	<p><b>Other Professions and Medical Specialties</b>  User evaluation of the Obstetrics and Maternity courses, demonstrates that on average it takes the following timeframes to complete:</p> <ul style="list-style-type: none"> <li>- Obstetric Haematology – one hour</li> <li>- Obstetric Blood Management – one hour</li> <li>- Postpartum Haemorrhage – two hours</li> </ul> <p>Therefore it is recommended to record the times allocated to each individual course for the purpose of self-directed CPD.</p>
<b>Iron Deficiency Anaemia</b>	<p><a href="#">Nursing and Midwifery Board of Australia</a>  Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of the Iron Deficiency Anaemia course, demonstrates that on average it takes approximately two hours to complete all four modules in this package. Therefore it is recommended that two hours be recorded for the purpose of self-directed CPD.</p>
	<p><a href="#">Royal Australian College of Surgeons (RACS)</a>  Course accredited by the Royal Australasian College of Surgeons.</p>
	<p><b>Other Professions and Medical Specialties</b>  User evaluation of the Iron Deficiency Anaemia course, demonstrates that on average it takes approximately two hours to complete all four modules in this package. Therefore it is recommended that two hours be recorded for the purpose of self-directed CPD.</p>

## Neonates and Paediatrics

### [Nursing and Midwifery Board of Australia](#)

Under continuing professional development (CPD) standards set by the Nursing and Midwifery Board of Australia one hour of active learning equals one hour of CPD. User evaluation of each of the Neonates and Paediatrics courses, demonstrates that on average it takes:

- PBM for Neonates and Paediatrics – one hour
- Paediatric Haematology/Oncology – 30 minutes
- Neonatal Preterm – 30 minutes
- Fetal Neonatal Alloimmune Thrombocytopenia – 30 minutes
- Paediatric Surgical – 30 minutes
- Paediatric Major Haemorrhage – 30 minutes

---

### **Other Professions and Medical Specialties**

User evaluation of the Neonates and Paediatrics courses, demonstrates that on average it takes the following timeframes to complete:

- PBM for Neonates and Paediatrics – one hour
- Paediatric Haematology/Oncology – 30 minutes
- Neonatal Preterm – 30 minutes
- Fetal Neonatal Alloimmune Thrombocytopenia – 30 minutes
- Paediatric Surgical – 30 minutes
- Paediatric Major Haemorrhage – 30 minutes

Therefore it is recommended to record the times allocated to each individual course for the purpose of self-directed CPD.
