

IRON DEFICIENCY ANAEMIA

Free elearning courses for healthcare professionals who care for patients at risk of iron deficiency.

Aims

These courses will update and enhance your knowledge about the diagnosis, investigation and management of iron deficiency anaemia.

Assessment & CPD

Includes online assessment, and a certificate for continuing professional development (CPD) points.

IDA App

A mobile device app (iOS, Android) to assist with investigation and management of IDA.

Content

Course content is based on current clinical guidelines, evidence-based material and/or expert consensus opinion. All courses have been developed by a multi-disciplinary group of expert clinicians and include case studies and interactive tools.

The case studies are based on different clinical settings, and with increasing complexity of diagnosis and treatment including paediatrics, preoperative, heavy menstrual bleeding, maternity and complex comorbidities.

BloodSafe®
ELEARNING AUSTRALIA
