

# OBSTETRICS & MATERNITY

**Free elearning courses for healthcare professionals who care for pregnant women.**

## Aims

These courses will help you understand and apply blood management strategies in the care of pregnant women during the antepartum, intrapartum and postpartum periods.

## Assessment & CPD

Includes online assessment, and a certificate for continuing professional development (CPD) points.

## Content

Course content is based on the national *Patient Blood Management Guidelines: Module 5 Obstetrics and Maternity*. All courses have been developed by a multi-disciplinary group of expert clinicians, and include case studies and interactive tools.

There are three courses in this suite:

- Obstetric Haematology
- Obstetric Blood Management
- Postpartum Haemorrhage
